

The Global Tech
Training Center
(GTTC)

Certificate of Completion

This is to certify that

Moamen Ashraf Abdullah

*has successfully completed 160 hours of professional
training as part of the*

**Artificial Intelligence & Data Science
Diploma**
at The Global Tech Training Center
(GTTC).

covering comprehensive training in:
Python Programming, Data Science, Statistics, Machine
Learning, Deep Learning, and Data Analysis, along with practical
projects and real-world applications.

Under the supervision of:

Eng. Mahmoud Afifi

We wish them continued success and excellence in their
professional journey.

The Global Tech
Training Center
(GTTC)

Certificate of Experience

This is to certify that

Moamen Ashraf Abdullah

*has successfully completed 160 hours of professional
training as part of the*

**Artificial Intelligence & Data Science
Diploma
at The Global Tech Training Center
(GTTC).**

This program provided in-depth practical experience in:

Python Programming, Data Science, Statistical Analysis, Machine Learning, Deep Learning, and Data Analysis, in addition to working on real-world projects and applying AI techniques to solve practical problems.

During the training, the trainee demonstrated strong analytical thinking, problem-solving skills, and the ability to build and evaluate data-driven models using modern tools and technologies.

The trainee has successfully worked on multiple real-world projects including predictive modeling, data analysis systems, and AI-based solutions.

This certificate is awarded in recognition of the professional experience, technical skills, and dedication demonstrated throughout the training program.

We wish them continued success and excellence in their professional journey.
